

## ***CHESHIRE RANKED AMONG TOP 100 TOWNS***

The August 2009 issue of Money magazine has chosen the Town of Cheshire as one of the 100 best small towns to live in the nation. Cheshire was ranked number 72 out of the towns selected.

Focusing on small towns with a population between 8,500 and 50,000, the magazine evaluated attributes that are important to families: jobs/economy; housing affordability; safety; education and leisure/arts. The article noted that Cheshire is convenient to urban centers, has retained its historic charm yet also has affordable modern condos available, and is a great place for plant enthusiasts.
