MOTION by Ms. Nichols; seconded by Mr. Ecke.

MOVED to approve agenda item #14 and forward to the full Town Council for approval.

Discussion

Chief Youngquist reviewed the information on plans for use of the \$180,000 donation from Elim Park for items outside the operating budget. \$91,000 for equipment (i.e. new equipment for the new ladder truck, upgrade of fitness equipment, \$100,00 off cost of the new truck). Mr. Ford commented on the age of the department equipment and trucks, the annual inspection by an outside vendor, and need to replace some items. There are NPFA guidelines which, by law, must be followed, and purchases will come out of the Elim Park gift account.

For the last five years, Mr. Milone advised there has been little money in the general fund for CFD equipment.

Mr. Ford cited contractual services of \$5,000 which are for services provided by outside contractors or consultants for radio and apparatus consultants, paid through the gift account. Personnel Expenses \$20,000 includes training, uniforms and apparel updates, and other firefighter expenses. Computers \$14,000 includes software updates, training classes, seminars, courses including mandated certifications by state and federal law, RAD and other programs, and other important training for firefighters that is deemed valuable to the department and the community.

Automotive Equipment and Supplies - \$30,000. This amount has been increased. Funds will be used per NFPA recommendations for new tires for CFD vehicles (6-7 years) which are (currently 14 years old). There is a liability for the town; tires will be replaced every 5 to 7 years; and the replaced tires can go to another department. There is a DOT inspection involved and liability for the town is decreased with third party vendor inspection for trucks to be road worthy. Money is spent to insure each vehicle is safe and can go on the road.

Chief Youngquist reported that CFD will be inspecting the new truck this week; a week later it will be at FireMatic for an inspection; the truck will arrive in Cheshire shortly thereafter. On September 11th, there will be representatives from Pierce in town to provide training to Fire Department staff over three days, and this training is supported within the department. After 30 to 35 days the new truck will be ready for service.

Information on CFD is on their web site.

VOTE The motion passed unanimously by those present.

15. Acceptance and appropriation of a \$180,000 donation from Elim Park to The Cheshire Police Department.

MOTION by Ms. Nichols; seconded by Mr. Ecke.

Discussion

Mr. Milone explained that RWA is doing the work on the water mains, and will give the town \$51,000 for paving and resurfacing the road. The \$51,000 is what RWA would have paid to do the work, but the Town can do a better job on the work and will utilize the money for the project.

VOTE The motion passed unanimously by those present.

17. Authorization to transfer \$9,805.95 in auction sales funds to the Capital Assets Proceeds Account.

MOTION by Mr. Ecke; seconded by Ms. Nichols.

MOVED to accept agenda item #17 and forward to the full Town Council for approval.

Discussion

Mr. Milone explained the assets account is a revenue account. Fleet Supervisor Rich Kaczer puts proceeds from auctions into the account, and the funds are used to supplement costs of new equipment requested in the CEP budget.

VOTE The motion passed unanimously by those present.

18. Approval of bid waiver and authorization to hire Turri-Masterson for streetlight pole replacements.

MOTION by Mr. Ecke; seconded by Ms. Nichols.

MOVED to accept agenda item #18 and forward to the full Town Council for approval.

Discussion

Mr. Milone explained this agenda item. For the streetlight pole replacement project, Town Engineer Gancarz did an RFP, 3 vendors gave an estimate, but no proposals

were submitted. Of the three estimates, Turri-Masterson was the lowest, and a bid waiver approval from the Council is required for the project to move forward.
