Phone: 203-271-6650 Fax: 203-271-6659

The Town of Cheshire recently implemented a new automated solid waste collection program. As part of this process, each residence has been assigned a gray trash container, either 96-gallon or 64-gallon. The Town Council indicated that residents would be able to exchange their container several months after the initial distribution period, provided that a sufficient number of requested containers were available. Residents with existing medical conditions or disabilities will be given first priority for smaller containers (64-gallon).

For all requests, residents must complete the form below and return it to the Public Works Department by Monday, July 1, 2019 **in person** or **by mail**:

Applications will be reviewed in July and residents will be notified of their application status and the exchange procedure. Please continue using your assigned container until that time.
