Cheshire School Security Main Entryway Improvements Various Schools

Question(s):
1) Does the town want automatic door operators on any of the main entry exterior or interior doors? My subcontractor has done quite a few schools in the past 18 months with this same scenario and they have all had automatic operators on some of them. Please advise a. No, the Town does not want automatic door operators on any of the main entry or interior doors.

Revisions to Specifications:

Speak-thru not required for this transaction window.
(The cost of any necessary design changes to the contract documents to accommodate the installation of substitute products shall be carried by the GC).
