

"The Bedding Plant Capital of Connecticut"

TOWN OF CHESHIRE

Additional 96-gallon Solid Waste Container Application
84 South Main Street, Cheshire, Connecticut 06410
Phone: 203-271-6650 Fax: 203-271-6659

The Town of Cheshire recently implemented a new automated solid waste collection program. As part of this process, each residence has been assigned a single gray trash container, either 96-gallon or 64-gallon. The Town Council has established a program for residents who have an existing 96-gallon unit and desire an additional 96-gallon container. Residents will pay the Town of Cheshire the actual cost of the additional unit (currently \$51.80), as well as an annual collection and disposal fee of \$100, which will be invoiced separately by AJ Waste Systems, Inc.

For all requests, residents must complete the form below and enclose a payment of \$51.80 (checks payable to the Town of Cheshire). Please return it to the Public Works Department in **person** or **by mail**:

Town of Cheshire, Public Works Department
84 South Main Street
Cheshire, CT 06410

Applications will be reviewed periodically and residents will be notified of their application status and the delivery procedure.

Name: _____

Email (preferred): _____ or Phone: _____

Address: _____, Cheshire, CT

10 Digit Serial number located on your current unit
