The Town of Cheshire is pleased to announce that the Cheshire Dog Park, Cheshire Skate Park and the Town Tennis Courts at the Youth Center will be open to the public on Tuesday, May 26, 2020. The public is asked to please respect this date. The new tennis and pickleball courts at Cheshire Park will be opened in mid-June when construction is completed.

Those using the above facilities are required to comply with social distancing guidelines and use face coverings when applicable. Any additional restrictions for the use of these facilities will be posted onsite and on the Town website at https://www.cheshirect.org/recreation-and-leisure/.

Mixville Park will be closed until further notice due its designation as an interior recreation water area and pursuant to recent CT Department of Energy and Environmental Protection recommendations.

Other Town parks and passive recreation areas, with the exception of Mixville Park, are open. Those using the parks are expected to comply with social distancing and face covering guidelines. Basketball courts and playgrounds remain closed.

All park restrooms will remain closed until further notice, including those on the Farmington Canal Linear Trail.

The Town, in collaboration with our local Chesprocott Health Director, will continue to give careful consideration to decisions regarding municipal re-openings. More information will be provided as it becomes available. The patience and cooperation of our residents as we respond to this pandemic is greatly appreciated.
