Recreation Director 203-272-2743

The Town of Cheshire is pleased to announce that Mixville Park will be reopened effective immediately for passive recreation only. This includes walking, hiking and fishing. Parking capacity has been reduced to manage the number of park visitors. Parking is not allowed on the grass areas or along the street. There will be no park passes sold or required at this time.

The following park amenities will remain closed until further notice:

- Beach and Water Activities (Per DEEP Guidelines)
- Restrooms
- Playground
- Basketball Court
- Sand Volleyball
- Pavilion Rentals/Picnics

Those using the parks are expected to comply with social distancing and face covering guidelines when applicable. Outdoor gathering limits will remain consistent with those established by the Governor’s most recent executive orders. More information on the evolving guidance from the Governor can be found here:

The patience and cooperation of our residents as we continue to safely expand access to our park facilities is greatly appreciated.
