TOWN OF CHESHIRE
CURBSIDE STORM DEBRIS COLLECTION

The Cheshire Town Council has approved a Town-wide storm debris collection to assist Cheshire residents and businesses recovering from Tropical Storm Isaias. Town of Cheshire Public Works crews will be collecting brush and branches placed at curbside beginning Monday, August 17, 2020. Crews will make one pass through the town, and completion is expected to take four to eight weeks depending on the quantity of debris.

Brush and branches of 8” diameter or less will be collected. Leaves, grass clippings, bulky waste, bags, and trash will not be picked up. All material must be placed curbside on a Town or state road. Crews cannot enter private driveways or condominium complexes.

The Town is also opening self-service disposal areas for residential drop-offs only; disposals by contractors are prohibited. The following locations will be open Monday through Saturday, beginning August 13, 2020 to August 29, 2020 from 7:30 a.m. to 3:00 p.m.:

- Quinnipiac Park overflow parking area, 1325 Cheshire Street
- Bartlem Park millings parking lot, 520 South Main Street
- Old Transfer Station, 1304 Waterbury Road

The Town will be pursuing FEMA reimbursement for this important service.
